**Variations:** "MOVIE STAR MEDIUM" with frame surround in acrylic glass black, acrylic glass white, acrylic glass red, old timber, brushed stainless steel, mica, brown antique leather and brown-grey wolf.

**Description:** Beautiful, romantic log fire with a glow, flying sparks and a crackling effect. The latest-generation effect fire - incredibly realistic. Only electricity (230 V), actively lit decorative wood, video and visual "ghost" effects make this dream of a fire possible. Ideally suited to all areas of the home and in particular public areas in shops, hotels, restaurants and many more places.

**Including:** Effect fire module incl. decor wood, handy remote control, mains cable 1,5 m, without heating performance.

**Dimensions:** With frame surround: approx. W 100,0 cm, H 55,0 cm, D 34,5 cm  
Visible Effect fire: approx. W 69,0 cm, H 24,10 cm  
Mounting dimensions: approx. W 76,0 cm, H 45,0 cm, D 34,5 cm
