THE FLAME Cord

DISCONTINUED MODEL

NO STRINGS ATTACHED

This beautiful gas lantern was developed to match the latest garden furniture trends. The THE FLAME Cord is made of aluminium with braided Cord. The Cord is suitable for outdoor use: it's colourfast and mould resistant. The freestanding lantern has a diameter of 45 cm and is no less than 74 cm high. In terms of appearance, the THE FLAME Cord is somewhere between a gas lantern and a fire column. The freestanding lantern is available in greige and black and is guaranteed to be a mood maker in your indoor or outdoor area.
